

caren knows

lyrics

main 1

music & lyrics: andy enroe

No one sees Caren come down the stairs
She is a way of going about unnoticed
They accuse her of being sly
but she's the one who is left out

The evening before the wedding she meets Tom
He takes her into his arms – and kissed her.

He always denies it – but Caren knows better

chorus

Caren knows she is prettier than her sister
She thinks it is foolish wasting time with books

main 2

Men don't like bookish women
On the stairs sometimes she is burning with curiosity
She knows that if she would marry Tom
that would fit much better because he kissed her

He always denies it – but Caren knows better

chorus

Caren knows she is prettier than her sister
She thinks it is foolish wasting time with books

interlude

Caren keeps her plans secret, because all in the family
want to go on keeping things from her

chorus

Caren knows she is prettier than her sister
She thinks it is foolish wasting time with books

chorus

Caren knows she is prettier than her sister
She thinks it is foolish wasting time with books

Caren envies her younger sister Kate. She herself should marry Tom – instead of her sister. She knows that Tom likes her, because he kissed her the day before the wedding.
